## Professional Profile

Experienced and results-driven precious stone miner and gemstone specialist with over 20 years of expertise in ethical mining, gemstone sourcing, evaluation, and international supply. Highly skilled in gemstone identification, grading, and quality assurance, with a strong commitment to transparency, sustainability, and long-term value creation. I provide clients with authentic gemstones and expert consultation from exploration to market delivery, ensuring every stone meets the highest standards of quality and ethical practice.

## Core Expertise

- Precious Stone & Gemstone Mining
- Ethical Mining & Sustainable Sourcing
- Gemstone Identification, Grading & Authentication
- Stone Cutting & Polishing
- Mineral Analysis & Quality Control
- Wholesale Supply & International Trade
- Mining Safety & Environmental Standards
- Professional Consulting & Reporting
- Trusted Partnerships & Client Relations

## Professional Experience

### **Precious Stone Miner & Gemstone Specialist (Independent Mining Operations | Cairo, Egypt – 2022)**

Lead ethical mining and sourcing of high-value gemstones including sapphire, ruby, emerald, and tourmaline. Conduct professional gemstone evaluation, grading, and authentication for local and international buyers. Manage field teams, quality control processes, and supply logistics.

### **Field Mining Consultant & Gemstone Expert (Independent Consulting | Australia – 2024)**

Specialized in gemstone exploration, evaluation, and responsible extraction. Implemented strict quality control, safety procedures, and environmental standards at mining sites. Provided expert advisory services to collectors, investors, and mining partners.

## **Gemstone Research & Training (1999 – 2003)**

Advanced studies and field training in gemstone identification, grading, and mineral composition, with hands-on experience in stone evaluation and sourcing.

## **Independent Gemstone Mining & Trade (Turkey 2025-Present)**

Operated private gemstone mining and trading activities, specializing in precious stone sourcing, valuation, and direct supply to buyers and collectors.

## **Education & Training**

### **Bachelor of Science in Geology & Mineral Sciences**

Specialized in mineral exploration, gemstone identification, and mining techniques. Trained in gemstone grading, evaluation, and ethical sourcing.

### **Gemstone Research, Evaluation & Statistical Analysis (M.S. Level)**

Advanced training in mineral research, gemstone grading, valuation analysis, and data-driven quality assessment.

### **Mineralogy & Gemstone Science (Independent Study)**

Focused on mineral structure, crystal formation, gemstone identification, and advanced stone analysis techniques.

### **Diploma in Gemstone Mining & Evaluation**

Advanced training in precious stone mining, cutting, and polishing techniques. Hands-on field training in gemstone exploration and extraction.

## **Projects & Achievements**

- 50+ mining and gemstone projects completed successfully
- 20+ years of hands-on field experience
- 80+ satisfied clients worldwide
- 78+ positive client reviews from collectors and jewelers
- Provided consulting to international gemstone buyers and investors

## **Professional Commitment**

Committed to delivering authentic gemstones, ethical practices, and exceptional value, ensuring every stone meets the highest standards from mine to market.
